Department of Conservation and Natural Resources

Bureau of Recreation and Conservation

Community Conservation Partnerships Program Grant Announcement

The Department is announcing over \$38M for 201 grants to communities, municipal authorities, and non-profit organizations for recreation, park, and conservation planning; land conservation for parks, open space, and natural areas; and, park and trail rehabilitation and development. The Community Conservation Partnerships Program implements the priorities identified by Pennsylvanians as part of the Statewide Comprehensive Outdoor Recreation Plan and this year's funding includes grants in about 91% of the state's counties.

Project highlights include:

- Acquisition of 270 acres for 10 municipal parks
- Acquisition of 2,448 acres for 17 open space and natural area conservation projects
- Recreational improvements including:
  - The rehabilitation of three swimming pools
  - The development of two boat docks
  - ADA access and safety improvements as part of 77 park development and rehabilitation grants that will add playgrounds, ball fields, pavilions and other recreational assets to community parks
  - 36 projects that target critical trail gaps including constructing 18 miles of new trails and rehabilitating another 18 miles along with the construction of 9 new trail heads.

The grants also support the work of the state's twelve designated Heritage Areas, the seven Conservation Landscapes, and major greenway organizations as well as capacity building, education, and technical assistance on conservation and recreation by the Department's statewide partner organizations.

Note regarding funding sources: The Community Conservation Partnerships Program funds grants with a variety of funding sources, including the following:

The Keystone Recreation, Park and conservation Fund (Key 93)  
Environmental Stewardship Fund (ESF)  
Land and Water Conservation Fund (LWCF) – federal monies
